

## Sino-German Engineering Alumni Network (DCHAN-Engineering) Web-Seminars 2020

### 3<sup>rd</sup> Web-Seminar, 24. September 2020, “Electro-Mobility”

10:00 to 12:00 (+6h in China), tool: Microsoft-Teams

**10:00 Welcome and Introduction to serial webinars of DCHAN-Engineering**

Mr. Tim BIERMANN, RWTH Aachen University, Chief Engineer of Chair for Laser Technology

Mr. Dr. Jizu ZHANG, RWTH Aachen University, Chair for Laser Technology

**10:10 “Mobility of the Future”**

**Mr. Harald KRÜGER**

- Managing Director KC&C GmbH;
- Member of the Supervisory Board of Deutsche Telekom AG and Deutsche Lufthansa AG;
- Former Chairman of the Board of Management BMW AG

**10:40 “Recent Progress of Automotive Fuel Cell Systems in China”**

**Mr. Prof. Liangfei XU**

- Vice Director of Vehicular Powertrain Engineering Institute, School of Vehicle and Mobility, Tsinghua University
- Alexander von Humboldt Research Fellow
- Member of Steering Committee, IEEE Transportation Electrification Community Beijing Chapter
- Member of Technical Committee of Automotive Control, International Federation of Automatic Control

**11:10 “Universal Hybrid Electric Vehicle – Smart Contribution to E-Mobility”**

**Mr. Prof. Stephan RINDERKNECHT**

- Head of Institute for Mechatronics Systems in Mechanical Engineering, TU Darmstadt
- Speaker of the Research Network “Knowledge-based Vehicle of 5<sup>th</sup> Generation”, TU Darmstadt
- Member of the Mechatronics Technical Committee of VDI/VDE Society for Measurement and Automation Technology
- Partner-Professor at Chinesisch-Deutsches Hochschulkolleg of Tongji University

**11:40 Discussion**

**12:00 End of the Event**

**Registration and further information:**

Mr. Dr. Jizu Zhang

RWTH Aachen University – Chair for Laser Technology
